

Lovely Greens

HANDMADE

You've recently purchased a pot of **Neem Treatment Balm** from Lovely Greens Handmade. This skincare product is made with skin-loving oils that help to moisturise, soothe, and protect your skin. It also includes neem oil, extracted from the nuts of neem trees, which is used in Ayurvedic tradition.

Skin patch test: This product contains 5% Neem oil which is an oil extracted from the nuts and fruit of the Neem tree. Neem oil contains the natural compound **Azadirachtin** which some people may have a sensitivity to. Please conduct a skin patch test before using this product more liberally.

Usage: The way you use the balm afterward is simple – you apply it thinly and massage onto external areas. Reapply when your skin needs more moisture and comfort. **Use the product within six months of opening it.**

Neem Treatment Balm Ingredients: Sweet Almond (*Prunus amygdalus dulcis*) oil, Shea Butter (*Butyrospermum Parkii*), Cocoa Butter (*Theobroma Cacao*), Castor (*Ricinus Communis*) seed oil, Manx Beeswax (*Cera alba*), Neem (*Melia Azadirachta*) seed oil (5%), Vitamin E (Tocopherol) oil, Azadirachtin (component of Neem oil).

Melted Product: If you live in a warm climate, Neem Treatment Balm may arrive slightly melted. It's a soft salve so can be affected by warm environments. In the case it arrives melted, pop it in the fridge to cool and solidify. It will also firm up at room temperature.

Neem oil scent: You'll also notice that this product has a very unique scent - that's the natural scent of Neem oil. If you're hesitant to use it while you're around people, try applying the balm at night. You can also use a less scented product like Lovely Greens Natural Calendula Salve.

Notes on usage: I must emphasise that I am not a doctor, that this is not a medicinal product, and that I do not claim that this product will cure or treat any particular skin condition. If you'd like to take this product in to your doctor to discuss the ingredients and usage, I strongly encourage you to do so.

- **If your skin has any reaction to this product or you feel that something is not right after using it, discontinue use immediately**
- **If you are pregnant or considering becoming pregnant, do not use this product.**
- **If you have a nut allergy you should not use this product.**
- **This product should not be used internally.**
- **This product is not intended for use on children**
- **If you have a skin condition and use this product before discussing it with your doctor and/or dermatologist then you must take full responsibility for the results.**
